

Hands-on Workshop on New Approach for Microbial study

A hands-on workshop on New Approach for Microbial Study using Biolog Phenotype MicroArray System will be held on 25-26 Sept 2013 (Wed - Thu), at Department of Microbiology, Yong Loo Lin School, NUS. This workshop is organized by Singapore Society for Microbiology and Biotechnology (SSMB) and sponsored by Focus Biotech (s) Pte Ltd.

Date:	25-26 September 2013 (Wednesday & Thursday)
Venue:	Department of Microbiology, Yong Loo Lin School, National University of Singapore.
Contact:	<ul style="list-style-type: none"> Mr Lim Ek Weng (member of SSMB) Email: ek_wang_lim@nuhs.edu.sg Tel : +65-65163289 Ms Chai Li Fen (Focus Biotech Product Specialist) Email : lfchai@focusbiotech.com.sg

Program:

Time	Activity
Day 1	
09:00am	Registration and refreshment
09:30am	Opening address by President of SSMB, Associate Prof. Lee Yuan Kun
09:45am	Overview: Biolog Phenotype MicroArray (PM) Technology and its application (Chai Li-Fen, Focus Biotech Product Specialist)
10:30am	Hands-on practical
12:00pm	Loading prepared plates into the system
12:30pm	Short Discussion and Lunch
Day 2	
09:00am	Registration
09:30am	Guest Speaker: Experience sharing by Dr Chai Lay Ching (Senior Lecturer, Unit Microbiology, Institute of Biological Sciences, Faculty of Science, University of Malaya)
10:15am	Result observation and reading
11:00am	Discussion and conclusion
11:30am	Presentation of Certificate and Closing Refreshment
